

# About Us

All Network Cabling Services, Inc. is a family owned and operated business with its head office located in Omaha Nebraska, USA and it's Asia office located in Manila Philippines. We are a team of dedicated professionals with over 50 combined years of technical and installation experience.

Jerry Spittler a native of Omaha Nebraska has a degree in electronics, over 15 years of teaching experience combined with excellent management skills is the right choice to lead the company as it's CEO.

Rick St. John started All Network Cabling Services, Inc. in 1993 just prior to the category 5 - ethernet revolution seen in the United States at that time. As a man of clear vision, Rick seen an immediate need for companies to have solid networking infrastructures with cabling and backbone media that would take them well into the future.

Today Rick brings the same technology to Asia where many small to medium sized business are in need of network cabling systems that will empower there business allowing them to become not only more productive but more profitable.
